

NCHF IN ACTION

The North Carolina Heroes Fund (NCHF) works hard to aid North Carolina's military men and women. For seventeen years, NCHF has assisted over a thousand veterans and their families across North Carolina, facing short-term financial hardships as a direct result of their military service. NCHF steps in and bridges the gap for families - taking care of essential living expenses such as mortgage/rent payments, car payments, insurance payments, and food and gas gift cards. We provide a stop-gap until they can get back on their feet.

Here are just a few recent stories of what your support achieves ...

US Army veteran Miranda has PTSD and needed a service dog – luckily, she already had Barley, a five-year-old American Staffordshire Terrier, in her life. NCHF, worked with a special donor, and partnered with Canine Angels to train Barley to be the service dog Miranda needed to move forward in her life.

U.S. Air Force veteran Roy is 100% service-disabled. He and his wife recently took in their eighteen-month grandson to care and raise him. NCHF worked with the family to get them the necessary items to care for a toddler and to help them with some short-term financial stress as they started this new phase of their lives.

Our average grant is \$1,500 - \$2,000. Please consider sponsoring a family or two. These men and women make a difference to our country and NCHF, with your support, makes a difference for them when they need it most.
